

# CONTENTS

## Electronic engineering materials

- E.N.Vigdorovich, Ju.N.Sveshnikov* Production of Quantum-Sized Heterostructures Based on GaN..... 3

## Microelectronic devices and systems

- E.A.Ignatjeva, V.V.Uzdovskii, V.I.Khainovskii* Photoelectrical Processes of Five-Diode Vertical Integrated Spectrum-Selective Photocell..... 10
- V.V.Losev* Injected Photodiodes Based on Low-Resistance ZnS Crystals..... 17
- A.V.Malcev* Peculiarities of Movement of Charged Particles in HF Field at Amplitude Modulation of Source Voltage of Mass Quadrupole Filter..... 22

## Circuit engineering and design

- D.V.Boulakh* Application of Compilation Approach to Analog Circuits Simulation..... 26
- T.Y.Krupkina, V.V.Losev, N.N.Muhanuk, M.G.Putrya* Automation of Standard Cell Libraries Development Based on Cadence Parameterized Cells..... 31

## Integrated radioelectronic devices

- V.I.Oreshkin, K.S.Lyalin, J.V.Chikounova* Peculiarities of Designing Digital Antenna Arrays..... 36
- V.D.Sadkov, B.N.Utkin* Development of Chip Attenuator for Surface Assembling Based on Resistive Structures..... 42

## Measurement methods and technology

- S.K.Maksimov* Peculiarities, Methods and Advantages of Integral Method for Investigation of Nanosized Crystallite Textures in Electron Microscopy. II. Method Practical Implementation..... 47
- V.D.Verner, G.N.Gaidukov, P.S.Pagin* Investigation of Surface Modification Influence on Frequency Properties of Micro Resonator..... 55
- I.N.Burdinsky* Application of Programmable Array Logic for Correlation Processing of Noise-Like Hydro-Acoustic Signals..... 62

## Brief reports

- L.P.Milseshko* Influence of Mode of Silicon Anode Oxide Films Formation under Galvanostatic Condition on Phosphor Content in Them..... 68
- V.N.Biryukov* A four-parameter static mathematical model of a field-effect transistor, continuous with all its derivatives, has been proposed. The specific feature of the model is the application of physical parameters effectively determined by the least-squares method..... 69
- E.V.Bathirev, Htein LinOo* Lobe Sensor For Angular Coordinates of Solar Energy Installation..... 72
- A.V.Gureev, S.E.Voronin* Gaussian Pulse Generator for Ultra-Wide Band Transceivers..... 74
- V.M.Troyanovsky* Computer Simulation of Identification Procedures for Dynamic Objects..... 76
- A.L.Ezdakov* Object-Oriented Diagnostic Expert System «MALEX»..... 78

## Conferences. Exhibitions

- V.D.Verner, A.A.Reznev, A.N.Saurov* Choice of Tactics and Strategy of Electronic Devices Production..... 80
